

To Everyone Entering Japan

(Installing apps required for preventing the spread of COVID-19)

The airport quarantine will check your smartphone when you arrive in Japan.

If you do not own a smartphone or if you own a smartphone that does not allow the installation of apps, please rent a smartphone at the airport at your expense upon arriving in Japan.

* App confirmation by staff and smartphone rental guidance at airports will begin with Haneda Airport and Narita Airport Terminal 2 (from March 18) and with other airports soon.

Please install the following apps on your smartphone and use them to ensure implementation of quarantine and other measures at your home, a hotel, or other designated locations for 14 days after arriving in Japan.

* When you arrive in Japan, you will be asked to submit a written pledge regarding quarantine at home or other locations and use of location information-confirming apps for the 14-day period after landing in Japan. If you breach the pledge, your name and other information may be publicized. Foreign nationals may be subject to procedures for revocation of residence status and deportation under the Immigration Control Act.

(1) Install OSSMA (Location information-confirming app)	Required for reporting your location information.
(2) Install and sign up for Skype (Video call app)	Required for answering video calls from persons in charge to confirm your location.
(3) Set your smartphone to save location information (Settings on GoogleMaps, etc.)	Required for presenting a record of your location information to the health center or other facilities in case you tested positive after arriving in Japan.
(4) Install COVID-19 Contact-Confirming Application (COCOA) (Contact-confirming app)	Receive notifications about the possibility of contact with COVID-19 infected persons.

For information on how to install and set up apps, please see this link.
